E-safety Parent Information

Dear Parents / Guardians

E-Safety is an ever growing and changing area of interest and concern. The internet and related technologies, including mobile phones, tablets, and gaming devices are developing rapidly and are very important in the daily lives of our children and young people. Increasingly the technologies are being used in the classroom because they enable pupils to engage creatively with their learning. Socially our children and young people often use the internet for entertainment, interaction and communication with 'friends'.

It has never been more important for parents and carers to understand how their children and young people use the internet and associated technologies, so that they can help to manage the risks that exist and reinforce the important e-Safety messages that we should all be promoting.

As part of this, I will be holding an E-safety meeting for parents on Thursday 2nd November at 3.30pm. Due to the content of the meeting, this invitation is for Parents ONLY.

Please could you complete the reply slip below and return to school so I can gauge numbers for the meeting.

Yours faithfully

C. M. Cook (Mrs)
Assistant Headteacher
