27th September 2017

Dear Parent/Guardian,

Re: Two Forensic Days with Workshop

On Wednesday 4th and Thursday 5th October we have been lucky enough to secure a Science company to hold a 'forensic workshop'. The children will find this very informative and exciting as part of National Curriculum Science.

The children will be looking at ways to see how Science is applied in the 'real-world'.

- *There will be an explanation of the five different forensic evidence types, followed by a questions and answers session to cement learning.*
- *Looking at what makes fingerprints unique and making and comparing shoe-mark evidence.*
- *Using specialist equipment to catch burglars etc.*
- *The objective of these workshops is to make science interesting and fun, coupled with introducing a structured, logical methodology for examining and evaluating evidence that is the cornerstone of science.*

The cost of the workshop will be £8.50 to be paid by the end of this term (20th October 2017).

Please sign and return the proforma below if you wish your child to take part.

Yours sincerely,

T. Whittington
Headteacher

FORENSIC WORKSHOP FOR YEAR SIX in SCHOOL

I would like my childClass
to take part in the Forensic Days. I enclose £8.50.

Signed.....Parent/Guardian
